The Mini-Marathon uses a corral system for a more efficient and organized race start. Please enter the information in section 15 regarding your estimated finish time for the event. Please be honest with your assessment of your ability. The corral system is designed to help alleviate excessive passing and congestion throughout the course making your race experience more enjoyable. The Mini-Marathon has a time limit of 4 hours (18-minute-per-mile pace). Participants must be able to maintain the 18-minute-per-mile pace or they will be required to board the trail bus. The 18-minute-per-mile time limit begins when the last participant crosses the start line (which is approximately 30 minutes after the starting gun). A pace calculator is located at 500festival.com.
